TECHNICAL DATASHEET

Certified Safety. Intelligent Value.

Nitrile-Coated Work Gloves

Model: FD1289 | OilMax Master

Abrasion Resistance | **Palm Grip** | **Dexterity** | **Oil Handling** | **Knitted Cuff**

Technical Specifications

Coating	Blue Nitrile Coating
Liner Material	Jersey Liner
Surface Finish	Smooth Finish
Cuff Style	Knitted Wrist
Coverage	Full Hand, Excluding Cuff
Size Range	7-11 (S-XXL)
Colour	Blue

Certifications & Standards

CE

EN ISO 21420:2020+A1:2024
EN 388:2016+A1:2018 **- 3121X**

Performance Notes

- **Abrasion Resistance**: EN 388 Level 3.
- **Dexterity**: EN ISO 21420 Level 5.
- **Oil Resistance**: Nitrile coating resists oil contact during routine handling.

Precision Dexterity

Flexible construction supports finger control during assembly and maintenance.

Abrasion-Resistant Palm

Coated palm helps withstand repeated surface contact during everyday handling.

GripVanta™ Grip Technology

Nitrile coating supports controlled grip when handling tools and materials.

Recommended Applications:

Mechanical Maintenance | **Oily Parts Handling** | **Material Handling** | **Equipment Servicing**
