Technical Specifications

Shell Material	ABS
Head Band	ABS
Ear Cushion	Sound-Absorbing Acoustic Foam
Design	Helmet-Mounted Design
Noise Reduction	SNR 30 dB / NRR 28 dB
Color Available	Yellow / Orange / Blue
Weight	170±10 Grams

Certifications & Standards

	European Safety Standard CE EN 352-3:2020
	American Safety Standard ANSI S3.19-1974

Performance Notes

- **Noise Reduction:** SNR 30 dB / NRR 28 dB hearing protection.
- **Comfort:** Cushioned ear pads help reduce pressure during extended wear.
- **Adjustable Fit:** Easy-slide, 360° rotating ear cups provide flexible positioning.

WaveLock™ Noise Reduction
Advanced Acoustic Protection for
Industrial Hearing Safety

Cushentra™ Cushion Technology
All-Day Comfort for
Industrial Hearing Protection

PressureFlex™ Headband System
Balanced Clamping Force
for Long-Term Industrial Comfort

Recommended Applications:

Construction

Manufacturing

Warehousing

Maintenance

Grinding
