TECHNICAL DATASHEET

Certified Safety. Intelligent Value.

Chemical-Resistant PVC Gloves

Model: GSP0211R | Splash Guardian

Chemical Resistance | **Abrasion Resistance** | **Full Coating** | **Cotton Liner** | **Extended Cuff**

Technical Specifications

Coating	Full PVC Coating
Liner Material	Cotton Interlock
Surface Finish	Smooth Finish
Cuff Style	Gauntlet Cuff
Overall Length	27 / 30 / 35 / 40 / 45 cm
Size Range	7-11 (S-XXL)
Colour	Red / Green / Blue

Certifications & Standards

CE

EN 388:2016+A1:2018 - 4121X

EN ISO 374-1:2016+A1:2018

Type B JKL

Performance Notes

- **Chemical Resistance**: EN ISO 374-1 Type B, code JKL.
- **Abrasion Resistance**: EN 388 Level 4.
- **Use Limitation**: Laboratory breakthrough time is not a safe wear time.
- **JKL**: n-Heptane / Sodium Hydroxide 40% / Sulphuric Acid 96%.

PVC Chemical Barrier

PVC coating provides resistance to the chemicals specified in the product test data.

Cotton Interlock Liner

Cotton interlock lining provides a soft contact surface inside the glove.

Extended Cuff Coverage

Gauntlet cuff extends coverage beyond the wrist, depending on the selected length.

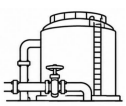

Recommended Applications:

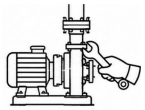

Chemical Handling

Industrial Cleaning

Petrochemical Work

Plant Maintenance

Available Colors: Red / Green / Blue
